9. Aimee Shelide Mayer (ZIP code: 37216)

As a Catholic, I am inspired and instructed by my faith that all people are entitled to dignified work that allows them to adequately provide for their family. To quote Pope Francis, "There is no worse material poverty than the poverty which prevents people from earning their bread and deprives them of the dignity of work (5/25/13)." Our society must be at the service of its people, not profit!

As a member of Nashville's community, it is important to me that everyone is treated with dignity and respect. Part of that is giving everyone - no matter what they do - a living wage and decent working conditions, including benefits. It is unconscionable for hotels to make millions on Nashville's place as the "It City" but not compensate their workers adequately. That needs to change. Dignity for all workers in Nashville!!
